You Will Like These IDLEWILD SHORTHORNS

It has been my pleasure to see Clarence and Anna Dorman and their four children, Dave, Bob, John and Ruth Ann, buy most of their registered foundation stock at leading sales throughout the Midwest in the past seven or eight years. Invariably, when these sales were over, the Dorman's owned the tops. Fortunately, the Dorman Ranch is well covered with hundreds of acres of good, native grass and the two dozen or so oil wells, scattered about the Dorman pastures, haven't seemed to interfere with the well-being of the healthy and prolific Shorthorn breeding herd.

Probably one of the most fortunate things that has happened to the Dorman's was the fact that they secured the young bull, **Beldale Prince Bob**, that has proved to be a real breeding bull. He's putting just about as good heads on his calves as you will find, and they have the quality and conformation to go with it.

Here's an entire family that likes good Shorthorn cattle, and I can guarantee you they will be real hosts at the Idlewild Ranch on November 19th, when we will look forward to seeing lots of friends at their first Annual Production Sale.

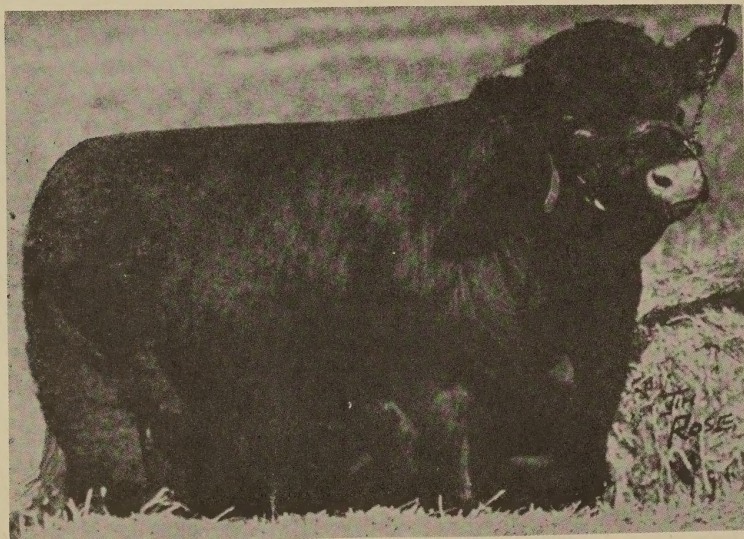

MERVIN F. AEGERTER, Sale Manager

IDLEWILD PRINCE BOB 2d – Pictured here on the Dorman front lawn at four months of age. He's typical of the good-headed, soggy calves, sired by **Beldale Prince Bob**, and he sells as Lot 9.

HIS SIRE

We purchased this young bull by Camson Prince Bob, in the H. A. Brownell Dispersion Sale. His sire, a great son of Cruggleton Prince Bob, sold in the Femco Dispersion Sale for \$4,100 to Creekland Farms, Clinton, South Carolina. The dam of Beldale Prince Bob is Femco Orange Blossom 2nd by Femco Metaphor and she is a full sister to Femco Orange Blossom 3rd that Hawthorne Farms, Marshall, Virginia, purchased in the Femco sale for \$2,300.

BELDALE PRINCE BOB — It's his get and services that will be featured in this sale. No wonder he's a breeding bull — just look at his outstanding pedigree. You couldn't write a better one from the entire Scotch Shorthorn Herd Books. Cruggleton Perfect is regarded as one of the all-time great bulls in Scotland. A lot of great cattle were sired by Uppermill Metaphor, his sons and grandsons. Prince Royal is the bull that George Cox turned down \$10,000 for and it proved a wise decision when he started selling his sons and daughters.

He is a grand-headed, well-balanced young herd bull prospect that Merv Aegerter talked us into putting in the sale as an attraction, although we'll frankly admit, we would rather keep him. His dam is by Edellyn Squadron Leader that won the Nelson trophy for best calf at the American Royal at Kansas City the year he was shown. Her dam, Eliza 42d, was a Missouri champion where she was purchased by D. W. Bishop, Gashland, Mo. His grandsire, Camson Prince Bob, sold for \$10,000 as a junior calf. There is much to recommend this outstanding youngster and his full brother a year older, was Dave's champion 4-H steer at the 1959 Cheyenne Co. Fair at Sidney.

BELDALE CORINNE FROLIC - Shown here in an amateur, unretouched photograph. She's as short-legged, thick-bodied cow as you will find.

STANDARD GUARANTEE OF THE AMERICAN SHORTHORN BREEDERS' ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf, must be reported to the seller within three months after date of sale. Females over 14 months of age, sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot, even though bred, are not given any guarantee.
4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder, beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs' Disease of the state or county into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
